Internship Positions in Companies and Start-ups 2018

Take the opportunity to work in a French company/start-up to learn about French business and improve your perception of Europe. Gain international experience, discover the French way of life and improve your managing and language skills in a friendly and dynamic environment.

The following companies and start-ups are recruiting interns:

- **Masternaut** (smart technologies) - https://www.masternaut.com/fr
- **Recommerce** (sustainable development) - https://www.recommerce.com/fr/
- **E-Loue** - https://www.e-loue.com/
- **Linagora** - https://linagora.com/
- **Metidia** (digital innovation) - http://metidia.com/
- **UAVIA** (smart technologies that lead to “green mobility” in urban areas) - http://uavia.eu/
- **Lincoln Avocats Conseil**

**Job Description:**
To be defined according to the intern profiles and company needs.
You will work for the company with the assistance of the managers. The companies are often small and the teams friendly. International work environment, work in English.

The internships will take place in the Paris region, from mid May to mid June 2018 (8 weeks, dates to be confirmed).

**Requirements:**
- CV
- Cover Letter
- Very good level of written English
- Fast learner
- Communicative and open-minded person (team work)
- If not fluent, basic French would be welcome.
