## ORIENTATION AND EXCURSIONS

Spend three days learning about this thriving metropolis through informational sessions about academic expectations, cultural activities and practical advice to start you off on the right foot. Begin the orientation by cruising the Singapore River on an iconic bumboat from Clarke Quay to the heart of the Financial District and Marina Bay Sands. From there you'll explore the award-winning Gardens By the Bay including its famous Supertree Grove, before ending the evening atop Marina Bay Sands for amazing views of the city. Two other excursions - to the unique Kampong Glam neighborhood and journey back in time to explore Singapore's historic trades - will take you even deeper into the heart of the city.

Throughout the semester our local staff arrange various activities designed to help immerse you in the local culture. These activities are included in your semester program. Previous activities have been a Chinatown tour and exploring a local island, Pulau Ubin.
